## **Saturday, July 20:**

**2:00 PM Topic: God—The Abundant Evidence of His Being**

**Leader: Br. Dan Wesol**

How do we know that God really does exist? This question is asked with increasing frequency. The doubts are fueled mainly by moral and theological motives, “Why does God allow suffering, war, terrorism?” or “I don’t believe in God because I reject hellfire!” There is abundant evidence of both His existence and His loving character. Science, nature, and the real testimony of Scripture will reveal the awesome and loving God of all.

**3:15 PM Topic: Freedom of Speech—Is It Free?**

**Leader: Br. Mark Grillo**

Intolerance, “cancel culture”, and wokeness are all dividing groups from one another. What are we free to say as Christians? How may we guard against bigotry? This discussion will probe how we may “salt our speech” to edify all.

**2:00 PM Topic: Going Green—Stewardship of the Earth**

**Leader: Br. Nathan Austin**

How would you answer this question? Is your answer demonstrated in the way you live each day? Does this question apply only to Christians? What lessons do we gain from the parable of the Sheep and the Goats in Matthew 25? What will be the true lesson that every member of the human family will have to successfully learn to gain life eternal in the everlasting Kingdom of God?
